2. For your information, these questions have developed as a result of travel being performed on PCS and TDY on military aircraft assigned to KUBARK; travel being performed on PCS, TDY and leave on chartered or unscheduled flights of [REDACTED] and travel being performed on PCS, TDY, and leave on MATS and other military aircraft.

3. Clarification is requested on the following points:

a. What is the liability of KUBARK to employees or their estates in the event of accidents which lead to permanent disability or fatalities?

b. What limitations, if any, are known to exist in coverage afforded by standard policies issued by commercial life insurance companies?

c. What limitations, if any, do policies issued by the War Employees Protective Association contain regarding travel described in paragraph 2 and under the conditions presented in paragraph 4 a, c, and d.

4. It is requested that the questions posed in paragraph 3 above be answered:
